SAI KEERTHIKA V

Data Analyst | Artificial Intelligence Engineer

Coimbatore, Tamil Nadu | 9789746174 | saikeerthika88@gmail.com | linkedin.com/in/sai-keerthika-v| github.com/keerthika07

PROFESSIONAL SUMMARY

B. Tech **Artificial Intelligence and Data Science** student with hands-on experience in **Artificial Intelligence**, **Machine Learning**, **Python, Data Analysis**, and **AI-powered application** development through internships and academic projects. Experienced in developing **AI-based applications**, autonomous drone automation, **GPS-based navigation**, and **web development solutions.** Strong problem-solving and analytical skills with a focus on building practical and scalable intelligent solutions. Seeking entry-level opportunities in **AI/ML Engineering**, **AI Engineering, Data Analytics**.

TECHNICAL SKILLS

- **Programming** Python, C, C++, R, Java
- **AI / ML Concepts** Supervised &Unsupervised Learning, SVM, Decision Tree, K-Means, NLP, Prompt Engineering, Generative AI
- **Data/Statistics** Descriptive &Inferential Statistics, Hypothesis Testing
- **Web Development** HTML, CSS, JavaScript, Front-End Development
- **Database** MySQL (Basics), Mongo DB
- **Libraries/Tools** Pandas, Numpy, Scikit-learn, Tensor Flow (Basics),Matplotlib, Seaborn
- **Others** Git, VS Code, Microsoft Excel, PowerPoint

PROFESSIONAL EXPERIENCE

Data Mites- Artificial Engineer Intern 18th July -Present

- Developing hands-on skills in **Python, Machine Learning, Deep Learning, NLP, Computer Vision, and Generative AI**.
- Working on practical **AI/ML projects** and applying industry-relevant techniques.

Code Alpha - Artificial Intelligence Intern 10th April-10th May 2026

- Developed AI-based applications including a **language translation tool, FAQ chatbot, music generation model, and real-time object detection system**.

- Applied **Artificial Intelligence, Machine Learning, and Deep Learning** concepts for practical application development.
- Worked on **AI model development, real-time object detection, chatbot development, and intelligent application solutions**.

Code Binding - AI & Machine Learning Intern 21st June-05th July 2025

- Worked on **Artificial Intelligence and Machine Learning concepts**, focusing on practical model development.
- Participated in **AI/ML development tasks and weekly technical reviews** to improve model understanding and implementation.
- Applied problem-solving approaches to develop and evaluate **machine learning solutions**.

Next Logic — Web Development Intern 07th Dec-20thDec 2025

- Developed and integrated **frontend modules** using **HTML, CSS, and JavaScript**.
- Worked on **responsive web interfaces, frontend development, and user-facing application components**.
- Gained practical exposure to **real-world web development workflows and software development practices**.

IOC Training — AI/ML Cloud Deployment 23rd Sep-29thSep 2024

- Gained hands-on exposure to **Machine Learning model deployment on cloud platforms**.
- Learned the fundamentals of **AI/ML deployment, cloud-based model implementation, and deployment workflows**.
- Explored the process of moving **machine learning solutions from development to cloud environments**.

PROJECTS 28th Jan-30th Jan

Autonomous Drone Delivery System

• Developed and worked on the automation of a GPS-enabled autonomous drone using real-time latitude and longitude navigation.

• Implemented autonomous navigation and automated delivery workflow, enabling the drone to follow predefined GPS coordinates for delivery.

• Presented the project at the SAEINDIA Autonomous Drone Development Challenge and demonstrated the autonomous delivery workflow.

EDUCATION

Coimbatore Institute of Engineering and Technology — B. Tech, Artificial Intelligence and Data Science 2023–Present

CGPA: 7.52/10

Bharani Park Matric Hr. Sec. School
Higher Secondary Certificate (HSC) 2022–2023

Bharani Park Matric Hr. Sec. School
SSLC 2020– 2021

CERTIFICATIONS

Python Fundamentals-Infosys Springboard
Machine Learning-Infosys Springboard
Computer Vision -Infosys Springboard

KEY COMPETENCES

Problem Solving • Analytical Thinking • AI/ML Application Development • Data Analysis • Automation • Team Collaboration

LANGUAGES

Tamil • English • Telugu
